Hey, Kelly -

I know you're out of the office today, but I wanted to shoot you a quick update. I'm not feeling well and will be heading home shortly, too - so we can talk another time.

I floated this idea by a Board member and they wanted me to be the BOE representative, so we probably don't need a meeting with Board members and WCU representatives. I'm sorry for the inconvenience of trying to organize that.

In the draft I sent to Board members, I received a comment back about the parking lot and I think this is the primary sticking point. Like we discussed yesterday, their suggested language is quite different from the suggested language you sent. So, I have gone back and reviewed materials from the previous Early Voting plan discussions and they all suggested 20 spaces of exclusive parking in the top lot of the HHS building. I have some emails to support this, if needed. I recall there being conversations about that being faculty parking, but that was still the arrangement that was discussed and is the arrangement the Board wants to continue with. This is the situation the Board is looking for when using WCU HHS as a consolidated site. The concern with use of other lots is the introduction of stairs/elevators whereas the upper lot is most accessible and with easier wayfinding than a lower entrance or stairs. They also wanted to outline that WCU would be providing signage; again something that has been offered to us repeatedly both the blinking road signs and any supplemental signage for clarity. I do believe this is the main issue they want to see addressed in this usage agreement.

I'll have my cell phone on me if you want to call (828.508.0144) or we can email or chat later in the week. Thank you so much for your patience; I'm trying to do my best to be a good steward of our voters, but also respectful of our stakeholders and Board. I appreciate your help so much.

> Sorry for the interruption - I'm trying to get in contact with a doctor and had to take that call.
>
> I'd love to have any WCU folks at our meeting Wednesday and I can help facilitate a meeting, if you think that's a good route. I think having the two interested parties together would probably make for the most efficient conversation to make sure everyone's needs are heard and accurately portrayed. I appreciate your help!

Would you consider a revision to the parking section, as follows: "The Owner grants JCBE the non-exclusive right to use up to twenty (20) parking spaces on the Premises for poll workers and voters during the periods outlined in the Appendix. The specific location of such parking spaces shall be designated by the Owner. The Parties acknowledge that parking demand may vary based on usage of the Premises, and the Owner and JCBE will monitor parking utilization and confer in good faith regarding any reasonable adjustments, subject to availability. All designated accessible parking spaces shall be maintained in compliance with applicable law."
> >
> > As for a statement of our intent to read during the meeting, do you think this will suffice for the board members? "The University is reviewing the contract and does not anticipate any issues with its terms, including the parking requests. We remain committed to working collaboratively with the County Board of Elections on the preparation and use of a university facility as a voting site. Once the Board of Elections has formally voted on the sites it intends to use, we will proceed with our standard contract review and execution process. We appreciate the continued coordination and look forward to working together."

Hey, Kelly -

I've put in some specifics, highlighted some areas that may change based on the site in question, and comments. I did not fill in relevant WCU information, like contact names etc.

If it's at all helpful to link up with the county counsel, let me know.

Of course, I'd update it with logos, site information, dates etc. but I wanted to run this by you and see if this appeared to be viable. I think we could also add some specifics (from you) with details about where campaign signs can go, if campaigners want to appear at other WCU locations, etc.

Can you look this over and give me a sense of whether or not you think this is acceptable? The Board meets next week (Wed @ 10) and I'd love to have this ready to go.

Thanks!

Best,
